Squares are \$10 each.

Numbers will be randomly selected once all squares are sold.

The payoff will be as follows:

1st quarter	\$250
Halftime	\$250
3rd quarter	\$250
Final score	\$250

How to Win

Each box has two numbers related to it. One for Green Bay. One for Denver. If, at the end of any quarter, the numbers related to your box match the last digit of each team's score, you win. For example, if you have a box with Green Bay - 1 and Denver - 7 and the halftime score is Green Bay 21 Denver 7, you would win.
