Squares are \$5 each.

Numbers will be randomly selected once all squares are sold.

The payoff will be as follows:

1st quarter	\$125
Halftime	\$125
3rd quarter	\$125
Final score	\$125

How to Win

Each box has two numbers related to it. One for Green Bay. One for New England. If, at the end of any quarter, the numbers related to your box match the last digit of each team's score, you win. For example, if you have a box with Green Bay - 1 and New England - 7 and the halftime score is Green Bay 21 New England 7, you would win.
